Build AI Products with Claude

Learn AI with Hisham - 27 Oct 2026

- No coding needed, Claude builds for you.
- Start with a real problem, not a tool.
- A product is something useful people will pay for.
- From idea to product, step by step.

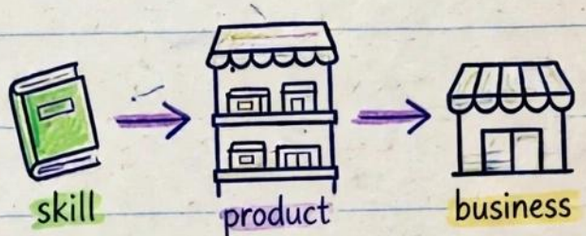

Key Takeaway

You do not need to be a coder to build a product.
You need a problem worth solving.

Skill First, Then Sell.

Learn AI with Hisham - 27 Oct 2026

- First learn a skill, then sell that skill.
- No skill means nothing to sell, only waiting.
- Skill, then product, then business, in that order.
- Practice daily and show your work.

Key Takeaway

If your shop has no product on the shelf, what will you sell?

Business Mindset

Learn AI with Hisham - 27 Oct 2026

- Money follows work, not wishes.
- Spend on your business, then it grows.
- Ask for market access, not free help.
- Build for the market, not for applause.

Key Takeaway

Do the work first, money comes as a result.

Take It to the Market

Learn AI with Hisham - 27 Oct 2026

- Make automations, apps and agents with Claude.
- Goal: 10,000 to 50,000 champions in Pakistan.

- Take your product to the market, do not hide it.
- Money is the by-product of success.

Key Takeaway

Build something, take it to the market, and let success bring the money.
