Class 14 Notes

Contest Winner + SAAS, Learn AI with Hisham - 6 November 2026

Theme, highlighted:

- Pakistan has stories.
- Pakistan has problems.
- Pakistan needs solutions.

Intro: This session is a journey from showcasing Pakistan's talent and diversity to exploring local business opportunities and startup ideas.

Chapter 1: Pakistan Through People's Eyes.

- The My Pakistan video contest.
  Participants presented Pakistan through their own cities, regions, culture and creativity.
- Winner: Fawad Khan, KP, Mehmaan ka Safar, 9.85 / 10.
  I came as a guest, I leave as family.
  A story about Pakistani hospitality and the connection between guests and hosts.
- Maria, 9.75 / 10, Mere Pyare Pakistan, a poem.
  Her script scored 10 / 10.
- Sherzad, Gilgit-Baltistan, 9.7 / 10.

Key Takeaway

- The winner was not just a video. It was a story of hospitality that people remembered.

Scores are as spoken in the session, not externally verified.

Class 14 Notes

Contest Winner + SAAS - 6 November 2026

Chapter 1 continued

- Farhan, Nowshera, 9.5/10

- Bakhtawar, Quetta, 7.5/10

Bagh, Azad Kashmir, and Gwadar, Balochistan, score not established in the session.

Key Takeaway

- Many cities, many stories. One Pakistan, shown through its own people.

Scores are as spoken in the session, not externally verified.

Class 14 Notes

Chapter 2: A Digital Map of Pakistan.

A Craigslist-inspired portal, a proposed vision, not a live platform.

Journey: Pakistan to Province to City to Local Video.

Craigslist has about 148 million monthly traffic, as spoken.

The platform could also connect local businesses through services, jobs, and e-commerce products.

Chapter 3: Local Problems, Local Solutions.

Local problems require local solutions.

Examples: Zameen.com, PakWheels, inDrive.

Three earning opportunities:

1. service industry
2. startup accelerator / incubator
3. e-commerce

- Roadshow in 8 cities:
- Quetta, Gujranwala, Lahore, Multan,
- Bahawalpur, Karachi,
- Rawalpindi / Islamabad area, Swabi.

Key Takeaway

- Local problems need local solutions, not copied solutions.

Scores are as spoken in the session, not externally verified.

Class 14 Notes

Chapter 4: Turning Ideas into Startups.

- InnoCollab.pk demonstration.
  How startup ideas are submitted.
- How submitted startups can be explored and searched.
- Competitor identification.
- Idea evaluation.
- Estimated success rates.
- Mentor signup required for viewing the startups.
- 322 startups as spoken.
- Before submitting, study Starter Story, its YouTube channel and website, acquired by HubSpot as spoken. Look at its stories, your idea should be like those.
- Hisham asked students to submit their startup ideas by Monday.
- Pakistan has stories.
- Pakistan has problems.
- Pakistan needs solutions.

Key Takeaway

- An idea is the start. Submit it, and let it be tested.

Scores are as spoken in the session, not externally verified.
